The per capita circulation in the United States on June 1 was \$32.45, which is a new maximum record. The highest point previously reached was attained a month ago, when the per capita circulation was \$32.22. On June 1 last year it was \$31.09, and on June 1, 1904, it was \$30.69.

Railroad men are greatly interested in the reports circulated in Chicago that recent activity in the stock of the Missouri. Kansas & Texas Railway is due to buying by the Hill interests. They believe that this is indicative of another campaign by the Great Northern man to secure control of the road, and to consolidate it with the Burlington.

It is reported that the offices of the Gary plant of the United States Steel Corporation will be in Chicago. The company has taken four floors of the new Commercial Bank Building, 160,000 square feet in all.

The South Atlantic Car Company, of Waycross, Ga., has submitted the lowest bid on the contract for supplying the 1,000 freight cars to be used by the United States Government on the Panama railroad. The bid submitted by the South Atlantic Car Company was \$1,129 per car, or \$1,129,000 for the entire contract.

The 25 per cent stock dividend for the New York, Philadelphia, and Nor-folk stockholders, which, it is assumed, will be voted next month, will make un for the \$15 assessment at the time of the \$15 assessment at the time of reorganization of the company, he stockholders went without divi-ds for nearly fifteen years, and then paid the assessment, but in recent years the property has yielded large dividend returns, and is one of the most prosperous independent railroad lines in the country.

Numerous compromising documents have been found in the rocms occupied by Morales at Barcelona. One letter, which arrived there from Lisbon, addressed to Morales, is full of myster-lous steps. The police part believe the support of the serious with God to last throughout their natural lives.

Cessation of Trouble at Mines Promptly Jumped Price Back to 261-2.

The favorable reports of the culmina-tion of trouble at the mines of the Greene Coasolidated Copper Company received this morning had a most ex-hilarating effect on the movement of the stock and the price promptly shot back the company were cheered by a telegram from President Greene that the financial lors was small, and the prompt announcement that at the meeting of the board of directors the regular divitive part in the meeting and was manifestly deeply interested in the proceed-days of 4 per cent had been declared. served to allay much apprehension.

There is a strong and well-defined belief both here and in New York that the riot was part of a plan on the part of stock jobbers to raid the stock, and while it was not expected that it would go as far as bloodshed, it was hoped that stories of trouble would depress the stock, which a number of rumors earlier had failed to do, and that a large short interest could then recover some of the stock put out in advance. Several New York papers go into the matter with some detail, and the charge is plainly set forth that the trouble was precipiated by the action of adverse interests.

The balance of the local market with the exception of the bond list, which was quite active, showed but little change from the many dull days which have existed now for fully a month. The public are not in it and to all intents and purposes cannot be dragged into it until something is done to make prices more attractive. The doctors will need to get together and give something in the way of a stimulus to excite trading.

AFTER ADDRESS

The Rev. Charles B. Ramsdell, paster of the North Presbyterian Church, died suddenly at 1:15 o'clock this afternoon in the Eastern Presbyterian Church during a meeting of ministers of the church.

Dr. Ramsdell had just concluded speaking on the question of union be tween the New York Avenue and Assembly's Presbyterian Churches, the subject under discussion, and had returned to the pew in which he had been hilarating effect on the movement of the stock and the price promptly shot back to the figures ruling on Friday. Brokers who were aggressively active on the bear side on Saturday were decidedly quiescent today, and no attempt was made to fight the advance. Friends of the company were cheered by a telegram from President Greene that the failure.

festly deeply interested in the proceedings.

The scenes attending Dr. Ramsdell's death were very affecting. There was little excitement among those in the church, and when it was made plain that the attack was more than a faint the whole body was deeply affected. The body was removed from the church this afternoon to the minister's home in the Plymouth.

STRASBURGERS SUE

Myer Strasburger, by his attorneys, Hamilton, Colbert & Hamilton, this morning filed a caveat against the probate of an alleged will of his mother, Strasburger. The document against which the protest is filed is dated September 1, 1905, and leaves Myer Strasburger \$5, while the bulk of the estate is given to Bertha Hirsch, the daughter of the testatrix. Joseph Strasburger, the other son, is named executor, and a bequest of \$2,00 is made to his wife, Florence E. Strasburger. Under another will, dated December 5 1943, Mrs. Strasburger gave only \$10 to her son, Joseph Strasburger, and di-vided the remaining estate between Myer Strasburger and Bertha Hirsch. The entire estate embraces property valued at \$40,000, the property in ques-tion being located at 313 Eighth street northwest.

Mr. Strasburger makes the charge of undue influence on the part of his brother, Joseph Strasburger.

BLACKBURN DENIES

North Carolina denied this morning that there had ever been any troubl betwen R. H. Hardin, ex-revenue officer. and himself, and declared that the re port that Hardin had fired a pistol at him at a caucus in Wilkesboro was a

lie of the whole cloth.
"The story in The Times of Sunday from Greensboro, N. C., that R. H. Hardin fired a pistol at me is wholly without foundation in fact, and a lie of the whole cloth," said Mr. Blackburn. "We have never had a disagreeable word, and he is today as strong a friend as I have. "The convention in Wilkesboro was the most harmonious in the history of the county, and I never heard of this alleged shootin until I reached Greensboro."
